

Researchers, post-doc, PhD students

A Science Accueil branch was opened at the University of Evry Val d'Essonne in October 2008. Science Accueil offers support for UEVE guests, whether French or foreign, regardless of their status or profession. Science Accueil especially provides assistance to doctoral students, post-doc and researchers.

Science Accueil services Housing

Science Accueil offers accommodation tailored to the needs of the guests. We have all kinds of furnished accommodation, from homestay to the house, through small and large apartments. Prices vary depending on the location and area. Science Accueil also has agreements with some residential hotels in the Evry sector. By booking an accommodation through Science Accueil, you will have no agency fees.

Our services are completely free.

Administrative assistance

Science Accueil offers administrative assistance on issues related to mobility:

- visa
- residence permits
 - work permit
- health coverage and health system
 - bank account opening
 - Insurance
- education and childcare
- tax returns and other taxes

Courses of French as a Foreign Language

Science Accueil regularly organizes French as a Foreign Language courses for PhD students, researchers and their partners at the University of Evry Val d'Essonne.

The objective of this training is to help foreign doctoral students and researchers to improve their linguistic and cultural knowledge in French for a better personal and professional integration in France.

Good to know: French as a foreign language courses organized by Science Accueil are considered a doctoral training and allow doctoral students to count the points in the European Credit Transfer System (ECTS).

Extracurricular Activities

- Leisure: Science Accueil provides information on sports and cultural activities in Evry area and directs you to the appropriate clubs and associations.
- Culture: Science Accueil regularly organizes cultural events in Paris and the Ile de France South region. These activities are not free, but the required prices are good deals. Feel free to visit the Science Accueil website to be informed of all our upcoming activities.
